Manage how often passwords expire.

QUESTION 42You are the Office 365 administrator for your company. The company is running Microsoft Exchange Server 2007 with Service Pack 3 on-premises and has 500 mailboxes. Management requests that you migrate all mailboxes to Office 365. You are researching the available migration types. You need to generate a custom step-by-step checklist for multiple migration types. Which tool should you use? A.   Exchange Server Deployment AssistantB.   Exchange Best Practices AnalyzerC.   Exchange 2013 Server Role Requirements CalculatorD.   Microsoft Remote Connectivity Analyzer Answer: A QUESTION 43Your company subscribes to the Office 365 Enterprise El plan. You are the Microsoft Exchange Online administrator. In the last week, employees have reported that they are receiving non-delivery report messages from other companies. The employees have not sent messages to recipients within those companies. You need to prevent non-delivery report messages from reaching employees. Which content filter option should you turn on in the Exchange admin center? A.   NDR backscatterB.   Conditional Sender ID filtering: hard failC.   SPF record: hard failD.   Block all bulk email messages Answer: A QUESTION 44You are the Office 365 administrator for Contoso, Ltd. Some email messages sent from the trusted domain fabrikam.com are being rejected as spam. Some of these email messages originate inside the fabnkam.com network, and some of them originate from an application in the fabrikam.com co-located data center. The fabrikam.com systems administrators have asked you to add their domain and the IP addresses of the data center that hosts their external application to your list of safe senders. You need to configure Microsoft Exchange Online Protection. Which two actions should you perform? Each correct answer presents part of the solution. A.   Configure a content filter to allow the fabrikam.com domain.B.   Configure a mail flow rule to bypass spam filtering for the data center IP address range.C.   Create a connection filter to allow the data center IP address range.D.   Add the fabrikam.com domain as an accepted domain.E.   Create an inbound connector for the fabrikam.com domain.F.   Configure a mail flow rule to bypass spam filtering for the fabrikam.com domain. Answer: CF QUESTION 45Drag and Drop QuestionYou are an Office 365 specialist for a consulting company. Your company has been hired by several companies to migrate their legacy email solutions to Office 365. You need to recommend mailbox migration strategies for the scenarios described in the following table.

Scenario	Existing email solution	Mailboxes	Migration condition
1	Microsoft Exchange Server 2010 SP3	15000	Move mailboxes by using the Replication Service (MRS)
2	Non-Exchange messaging system	400	Move only user-specific mail

Which strategies should you recommend? To answer, drag the appropriate migration types to the correct targets. Each migration type may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

| Cutover migration |
| IMAP migration |
| Remote move migration |
| Staged migration |

Answer Area

Scenario	Migration type
1	
2	

Answer:

| Cutover migration |
| IMAP migration |
| Remote move migration |
| Staged migration |

Answer Area

Scenario	Migration type
1	Remote move migration
2	IMAP migration

QUESTION 46You are the Microsoft Lync administrator for a company that uses Lync Online. The company has mandated that employees may use Lync Online to communicate with contacts from approved external domains. You need to configure Lync Online to allow Lync federation with only three specific domains. You must achieve this goal by using the least amount of administrative effort. Which two actions should you perform? Each correct answer presents part of the solution. A.   In the Lync admin center, set the External Access option to On except for blocked domains.B.   In the Office 365 admin center, add the three domains to the domain list and set the domain intent for each domain to Lync Online.C.   In the Lync admin center, set the External Access option to Off completely.D.   In the Lync admin center, set the External Access option to On only for allowed domains.E.   In the Lync admin center, configure the Presence Privacy Mode option to display presence information only to the users' contacts.F.   In the Lync admin center, add the three domains to the Blocked Or Allowed Domains list. Answer: DF QUESTION 47Your company is planning to migrate to Microsoft Exchange Online. The company employs 1,000 people, each with a mailbox currently located on Exchange 2010 on-premises. You estimate that it will take a minimum of four weeks to migrate all mailboxes from on-premises Exchange to Exchange Online. The company has the following migration requirements:- During the migration, do not change the existing Microsoft Outlook profiles and .ost files used by the employees.- Ensure that email messages sent between on-premises mailboxes and online mailboxes during the migration are secure.- Do not send email messages between on-premises mailboxes and online mailboxes over the Internet in plain text.You need to select the migration strategy that meets the requirements. Which migration strategy should you use? A.   Cutover migration onlyB.   IMAP migration onlyC.   Remote move migration onlyD.   Staged migration only Answer: C QUESTION 48Drag and Drop QuestionYou are the Office 365 administrator for your company. You have been receiving many unsolicited email messages originating from another country. Many of those messages contain foreign-language content. You need to configure Microsoft Exchange Online Protection to filter messages based on the language content and IP addresses of the country or region of origin. Which filters and options should you configure? To answer, drag the appropriate answer choices to the correct targets. Each answer choice may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content

| Malware filter |
| Connection filter |
| Content filter |
| International spam |
| IP allow list |
| IP block list |

Answer Area

Requirement	Filter	Option
Filter messages based on language		
Filter messages based on country or region of origin		

Answer:

| Malware filter |
| Connection filter |
| Content filter |
| International spam |
| IP allow list |
| IP block list |

Answer Area

Requirement	Filter	Option
Filter messages based on language	Content filter	International spam
Filter messages based on country or region of origin	Content filter	International spam
